

## Suffolk Owl Sanctuary Stonham Aspal

Enter into a world of Raptors, from stooping at over 240mph to silently gliding through the trees and across the fields in hunt of their prey. Orange, yellow, red and brown eyes all looking at you as you walk among the trees and aviaries.

They will see and hear you before you see them and a hoot or a call is all you will hear.

They are the hunters of the skies, the masters of camouflage and an evolutionary masterpiece.

You could spend a lifetime studying Birds of Prey and there will still be more to learn.

Free entrance for Passport to Learning holders who must be accompanied by a paying adult.
